July 29, 2019 (206) 545 7811

For immediate use Info@historicwallingford.org

Seattle neighborhoods are filled with beautifully restored and updated homes and period condo-buildings, many worked on by do-it-yourself owners and contractors. But for many homeowners, the thought of remodeling, restoring or updating a home is intimidating.

“How do I start?” , “What permits are needed?” , “Do I need an architect?” , “What can I do myself and what should I leave to experts?” , “How do I select a contractor?”

Helping you to take those first steps, **Historic Wallingford** invites you to our first **Remodel and Restore Workshop and Home Tour**. Get practical advice, design ideas, and listen to different perspectives from a panel of homeowners and industry experts

and finally, **get inspiration by touring hand-picked homes that have been remodeled, updated, or restored.**

The Workshop will be a two-hour panel session of experts (Architects and Design Build) and remodel-experienced homeowners sharing their before-and-after experiences and lessons learned. Bring your questions!

Following the Workshop, the **Home Tour** will take attendees on curated visits through hand-picked remodeled homes in Wallingford. Homeowners/contractors will describe the before-and-after state of the remodel projects and take questions and share their experiences.

Historic Wallingford’s **Remodel and Restore Workshop and Home Tour**
 Saturday, September 21 at the Good Shepherd Center 4649 Sunnyside Ave N – Seattle 98103
Pre-registration will be required for this limited-space event.
